

Rudolf Hois

Vice President, Chief Product Owner for SAP S/4HANA On Premise, P&I, SAP SE

Rudolf Hois is the chief product owner for SAP S/4HANA on premise and heads the P&I S/4HANA On Premise and Digital Core organization.

Rudolf joined SAP in 1998. He has since held various positions in development and product management, including running development for the SAP for Oil & Gas, SAP for Chemicals, and SAP for Mining industry solutions, as well as chief architecture roles in a variety of large programs.

Rudolf serves as a trusted advisor to many of SAP's customers on their journey to digitalization with SAP S/4HANA.

Rudolf holds a degree in Physics from the University of Regensburg.
