Empowering kids to overcome life's obstacles

Our Story

Founded by Kiwi legends, Sir Graeme Dingle and Jo-anne Wilkinson, in response to NZ's woeful youth statistics (some of the worst in the OECD), **we've walked alongside and strengthened the mental fitness of young Kiwis for the past 25 years**.

We are absolutely **committed to equipping and protecting** our young with the best possible skills to be resilient, to be **mentally fit** and to be courageous in a **changing world.**

We're **positive, upbeat, with a can-do, 'glass-half-full' attitude**, and we believe our vision is possible, but only through collaboration.
